CREATIVE BEHAVIOR INVENTORY.

The inventory is simply a list of activities and accomplishments that are commonly considered to be creative. For each item, indicate the answer on the scantron that best describes the frequency of the behavior in your adolescent and adult life. Be sure to answer every question. In some cases, you should count activities that you have done as a school-related assignment. In other cases, you should not. To avoid confusion, the phrase *"excluding school or university course work"* makes it explicit when NOT to count such work. (If you volunteered to do something at school but it was not to fulfill a requirement, this would not be relevant.) Here is the scale:

A = Never did this
B = Did this once or twice
C = 3-5 times
D = More than 5 times
